Village Center Study – Website now live!

The website for the Village Center Strategic Mobility and Placemaking Plan is now live! Visit scarsdalemobility.com to view key project documents, a timeline of important milestones, and opportunities for public input.

Public engagement is an important aspect of this project, and the Village will keep the website updated with information about upcoming public sessions, in addition to providing public notice in advance of these meetings.

Have a question or comment about the project? Let us know using the [contact](#) section of the website. We look forward to hearing from you throughout this process!
